

Long John Silver

I am a seafarin' man
with one leg.

I was hired as the
Hispaniola's new cook.

When I find the treasure,
I will cut the others
down like pigs.

Seeing the island made
me feel young again.

I argued with Tom Hunter
and killed him with a knife.

I owned a parrot that cried,
"Pieces of eight!"

I made Jim Hawkins my special
"guest" as we looked for the
treasure.

I witnessed Silver leap on Tom and stab him with a knife to the back.

I was being followed on the island by a shaggy, apelike creature!

I hated the sight of that evil flag, the Jolly Roger, so I decided to take it down.

Israel Hands lunged at me with a long knife.

I shot Israel Hands as he climbed the ropes after me.

I was captured by the mutinous pirates and Long John Silver.

My last sight of those three pirates will always haunt me.

In my worst dreams, I hear the cry of Silver's parrot, "Pieces of eight! Pieces of eight!"

Captain Smollett

As captain of the Hispaniola, I learned from the ship's crew that the ship was going after treasure.

I was concerned that guns and powder were on board and anyone could lay their hands on them.

I was first not to trust the crew brought on by Silver.

I ordered the men off the ship to explore the island.

I was wounded fighting against the pirates and looked pale as death.

Ben Gunn

I was marooned on the island for years.

I was burned black by the sun and wore rags of old canvas.

For my help all I wanted was to be taken off the cursed island, a share of the treasure, and a piece of toasted cheese.

I knew the woods like the back of my own hand and moved the treasure to a cave.

Dr. Livesay

Jim Hawkins and his mother came to me when running from the Inn.

I sent men to arrest the pirates.

I prayed that the Squire hadn't been talking to the wrong people about the map.

I went with Jim Hawkins to Bristol, to sail on the Hispaniola.
